Base Coat Stucco - Pump Grade
Fair Park, TX

PROJECT Description:

Dixon Studios in Tuscan used QUIKRETE® Base Coat Stucco - Pump Grade to create the elaborate settings for The Children's Aquarium (formerly known as The Dallas Aquarium). The product was used for all underwater work in both salt and fresh water tanks. Dixon Studios refers to the stucco as their "carving mix" because of its low sag and finishing characteristics.

GENERAL CONTRACTOR: Dixon Studios
