

## PROJECT > IDOT US Topaz Bridge

Non-Shrink General Purpose Grout  
Soda Springs, ID

### PROJECT DESCRIPTION:

QUIKRETE® Non-Shrink General Purpose Grout was used to grout pre-cast bridge deck keyways and parapet walls on the US 30 Topaz Bridge. QUIKRETE® Non-Shrink General Purpose Grout achieves 3000 PSI in 24 hours and more than 9000 PSI at 28 days when mixed to a flowable consistency. The material complies with ASTM C 1107 and CRD 621 requirements.
