PROJECT DESCRIPTION:
QUIKRETE® Non-Shrink General Purpose Grout was used to grout pre-cast bridge deck keyways and parapet walls on the US 30 Topaz Bridge. QUIKRETE® Non-Shrink General Purpose Grout achieves 3000 PSI in 24 hours and more than 9000 PSI at 28 days when mixed to a flowable consistency. The material complies with ASTM C 1107 and CRD 621 requirements.

GENERAL CONTRACTOR:
Idaho Construction Co.

QUIKRETE® PRODUCTS USED:
• 50 lb Non-Shrink General Purpose Grout: 3,328 bags

PROJECT START DATE:
June 2010

PROJECT COMPLETION DATE:
January 2011
