

PROJECT > Parkway Crossing/Summit Development BYU Student Housing

Orem, Utah

PROJECT DESCRIPTION:

1,080,000 square feet of One Coat Fiberglass Reinforced Stucco installed over 1" polystyrene foam spray applied at 1/2" thickness. The project consisted of five multi-unit buildings. QUIKRETE's one-hour fire rating over the combination of OSB and EPS foam was a key element in the selection of QUIKRETE One-coat Fiberglass Reinforced Stucco.

CONTRACTOR:

Sahara Construction
Sub-Contractor: Nicolson Construction
