

The QUIKRETE® Companies Corporate Fact Sheet

THE COMPANY

The QUIKRETE® Companies are the largest manufacturers of packaged concrete in the United States and an innovative leader in the commercial building and home improvement industries. QUIKRETE® products are manufactured and bagged in 86 manufacturing facilities in the United States, Canada, Puerto Rico and South America, allowing for unsurpassed distribution and product depth. The QUIKRETE® Technical Center ensures that professionals and consumers alike are provided with the most innovative and highest quality products available on the market.

QUIKRETE® PRODUCTS

Since 1940, The QUIKRETE® Companies have produced more than 200 professional-grade and consumer products which fall into one of four categories: core products, commercial grade products, specialty products and repair products. Through these product lines, The QUIKRETE® Companies offers concrete and mortar mixes; cements; concrete repair products; stucco, waterproofing, tile setting and blacktop products; floor underlayments; sand and aggregates; and other seasonal items.

QUIKRETE® concrete is used in building and refurbishing commercial projects all around the United States. QUIKRETE® products recently have been used in diverse projects that include the Georgia Aquarium; Frank Lloyd Wright House in Buffalo, NY; National Museum of the American Indian (*Masonry Construction's* Project of the Year 2004); Georgia World Congress Center; and Boston Convention Center, as well as sports venues that include Gillette Stadium in Foxboro, Mass.; Ford Field in Detroit, Busch Stadium in St. Louis; Comerica Park in Detroit; Coors Field in Denver; and Fenway Park in Boston.
