CONCRETE MIX ACCELERATOR
PRODUCT NO. 9800-01

PRODUCT DESCRIPTION
QUIKRETE® Concrete Mix Accelerator reduces the setting time of concrete mixes without adversely impacting the other performance properties of the concrete.

PRODUCT USE
QUIKRETE® Concrete Mix Accelerator is used to provide faster set time for concrete mixes. Use for:
- Fence & Lamp Posts
- Swing Sets
- Curbs
- Basketball Backboards
- Piers
Depending on dosage and ambient conditions set times as low as 25 minutes can be achieved.

SIZES
- QUIKRETE® Concrete Mix Accelerator is packaged in 1.5 lb (680 gm) units.

MIXING
Use one to two boxes of QUIKRETE® Concrete Mix Accelerator per 60 lb (27.2 kg) of QUIKRETE® Concrete Mix. For other package sizes adjust the dosage proportionately. Mix the dry powder in with the dry concrete mix before adding water. Follow the mixing instructions on the Concrete Mix bag.

PRECAUTIONS
- Do not use more than two boxes of QUIKRETE® Concrete Mix Accelerator per 60 lb (27.2 kg) of QUIKRETE® Concrete Mix.
- Use only with normal setting concrete mixes such as QUIKRETE® Concrete Mix and QUIKRETE® 5000. Not for use with other QUIKRETE® products.

WARRANTY
The QUIKRETE® Companies warrant this product to be of merchantable quality when used or applied in accordance with the instructions herein. The product is not warranted as suitable for any purpose or use other than the general purpose for which it is intended. Liability under this warranty is limited to the replacement of its product (as purchased) found to be defective, or at the shipping companies’ option, to refund the purchase price. In the event of a claim under this warranty, notice must be given to The QUIKRETE® Companies in writing. This limited warranty is issued and accepted in lieu of all other express warranties and expressly excludes liability for consequential damages.
