B3: Packaged Aggregates

SAFETY DATA SHEET
(Complies with OSHA 29 CFR 1910.1200)

SECTION I: PRODUCT IDENTIFICATION

The QUIKRETE® Companies
One Securities Centre
3490 Piedmont Road, Suite 1300
Atlanta, GA 30305

Emergency Telephone Number
(770) 216-9580

Information Telephone Number
(770) 216-9580

SDS B3
Revision: May-15

QUIKRETE® Product Name Code #
Agricultural Limestone 1111-50
White Marking Lime 1111-60
Pelletized Lime 1125-40
Crushed Stone Dust – 25 Kg 1151-62
White Marble Rock 1175-02
Mini Marble 1275-00
Athletic Field Marker 1954-00
Monarch Mountain DCF 1954-05
White Marble Mix 1954-06
Monarch Mountain Landscape Marble 2500/3500
Monarch Mountain Aqua White Pool Coat 9903
Monarch Mountain Pulverized Limestone 9904
Deco Pebbles 9905
Marble Chips 9906

Product Use: Limestone aggregates for use in construction and landscaping

SECTION II - HAZARD IDENTIFICATION

Hazard-determining components of labeling: Silica

2.1 Classification of the substance or mixture
Carcinogen – Category 1A
Specific Target Organ Toxicity Single Exposure – Category 3
Specific Target Organ Toxicity Repeat Exposure – Category 1
Eye Irritant – Category 2B

2.2a Signal word DANGER!
2.2b Hazard Statements
May cause cancer through chronic inhalation
May cause respiratory irritation
Causes damage to lungs through prolonged or repeated inhalation
Causes eye irritation if particles or dust get in eye

Industrial hygiene experts have studied long-term daily use of silica sands in sand-blasting and other occupations generating extreme volumes of dust. They have determined that long term, daily exposure to high concentrations of blasting sand dust causes damage to the lungs, may cause silicosis, and may cause cancer. **Do not use for sand blasting.** There are extensive OSHA precautions required for sand blasting.

2.2c Pictograms

2.2d Precautionary statements
Do not handle until all safety precautions have been read and understood.
Wear protective gloves, eye protection, and protective clothing.
Do not eat, drink or smoke when using this product.
Wash thoroughly after handling.
Use only in a well-ventilated area.
Do not breathe dust.

If inhaled: Remove person to fresh air and keep comfortable for breathing.
If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Immediately seek medical advice or attention if symptoms are significant or persist.**

Dispose of contents/containers in accordance with all regulations.

2.3 Additional Information

2.3a HNOC – Hazards not otherwise classified: Not applicable

2.3b Unknown Acute Toxicity: None

2.3c WHMIS Classification
Class D2A – Chronic Toxic Effects – Carcinogen
Class D2B – Eye Irritant

2.3d Label Elements According To WHMIS
Hazard Symbols

The concentrations ranges are provided due to batch-to-batch variability.

SECTION IV – FIRST AID MEASURES

4.1 Description of the first-aid measures
General information:
After inhalation: Remove person to fresh air. If breathing is difficult, administer oxygen. If not breathing, give artificial respiration. In case of unconsciousness, place patient stably in side position for transportation.
After skin contact: Wash skin with cool water and pH-neutral soap or a mild detergent. If significant skin irritation or rash occurs: get medical advice or attention.
After eye contact: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
After swallowing: Do not induce vomiting. If conscious, have the victim drink plenty of water and call a physician immediately. Never give anything by mouth to an unconscious person.

4.2 Most important symptoms/effects, acute and delayed
Inhalation: May cause respiratory tract irritation. Causes damage to organs through prolonged or repeated inhalation. This product contains crystalline silica. Prolonged or repeated inhalation of respirable silica from this product can cause silicosis.

Skin contact: Causes mechanical skin irritation.

Eye Contact: Causes eye irritation if particles or dust get in eye.

Ingestion: Ingestion of large quantities may cause discomfort and/or distress, nausea or vomiting.

4.3 Indication of immediate medical attention and special treatment needed: Immediately seek medical advice or attention if symptoms are significant or persist.

SECTION V - FIRE FIGHTING MEASURES

5.1 Flammability of the Product: Non-flammable and non-combustible
5.2 Suitable extinguishing agents: Treat for surrounding material
5.3 Special hazards arising from the substance or mixture: None
5.3a Products of Combustion: None
5.3b Explosion Hazards in Presence of Various Substances: Non-explosive in presence of shocks

SECTION VI – ACCIDENTAL RELEASE MEASURES

6.1 Personal precautions, protective equipment and emergency procedures: Wear personal protective equipment (See section VIII). Keep unprotected persons away.

6.2 Methods and material for containment and cleaning up: Do not allow to enter sewers/ surface or ground water. Dispose of unwanted materials and containers properly in accordance with all regulations.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND STORAGE

7.1 Handling
Precautions for safe handling: Do not use for sand blasting. There are extensive OSHA precautions required for sand blasting. Ensure good ventilation/exhaustion at the workplace. DO NOT BREATHE DUST. In dusty environments, the use of an OSHA, MSHA or NIOSH approved respirator and tight fitting goggles is recommended. Wear appropriate PPE (See section 8). Do not mix with other chemical products, except as indicated by the manufacturer. Do not get in eyes, on skin or clothing. Good housekeeping is important to prevent accumulation of dust.

7.2 Storage
Requirements to be met by storerooms and receptacles: No special requirements.  
Information about storage in one common storage facility: Not required.  
Further information about storage conditions: Keep out of the reach of children.

**SECTION VIII – EXPOSURE CONTROL MEASURES / PERSONAL PROTECTION**

8.1 Components with limit values that require monitoring at the workplace:

<table>
<thead>
<tr>
<th>Hazardous Components</th>
<th>CAS No.</th>
<th>PEL (OSHA)</th>
<th>TLV (ACGIH)</th>
</tr>
</thead>
<tbody>

</tr>
</tbody>
</table>

8.2 Exposure Controls
Use ventilation adequate to keep exposures below recommended exposure limits.

8.3 General protective and hygienic measures
Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin.

8.3a Personal protective equipment

**Protection of hands:**
Wear gloves of adequate length to offer appropriate skin protection from incidental contact. General duty work gloves have been found to offer adequate protection for most intended uses.

**Eye protection:**
Wear approved eye protection properly fitted dust-proof chemical safety glasses.

**Respiratory protection:**
A NIOSH-approved dust mask or filtering face piece is recommended in poorly ventilated areas or when permissible exposure limits may be exceeded. Respirators should be selected by and used under the direction of a trained health and safety professional, following requirements found in OSHA’s respirator standard (29 CFR 1910.134) and ANSI’s standard for respiratory protection (Z88.2).

**SECTION IX - PHYSICAL/CHEMICAL CHARACTERISTICS**

**General Information**

**Appearance**
Form: Granular Solid  
Color: Varies  
Odor: None  

**pH-value at 20°C (68 °F):** Not applicable  
**Boiling point/Boiling range:** Not applicable  
**Flash point:** Not applicable
Auto igniting:  Product is not self-igniting  
Vapor pressure at 21°C (70°F): Not applicable  
Density at 25°C (77 °F): 2.5-2.8  
Solubility in / Miscibility with Water: Insoluble  
VOC content: 0 g/L VOC

SECTION X – STABILITY AND REACTIVITY

10.1 Reactivity  
No dangerous reaction known under conditions of normal use.

10.2 Chemical stability  
Stable under normal storage conditions.  Keep in dry storage.

10.3 Possibility of hazardous reaction  
No dangerous reaction known under conditions of normal use.

10.4 Thermal decomposition / conditions to be avoided  
No decomposition if used according to specifications.

10.5 Incompatible materials  
Contact of silica with powerful oxidizing agents such as fluorine, chlorine trifluoride, manganese trioxide, or oxygen difluoride may cause fires

10.6 Hazardous Decomposition or By-products  
Silica will dissolve in Hydrofluoric Acid and produce a corrosive gas – silicon tetrafluoride.

SECTION XI – TOXICOLOGICAL INFORMATION

11.1 Exposure Routes:  Inhalation, skin contact, eye contact, or ingestion.

11.2 Symptoms related to physical/chemical/toxicological characteristics:  
Inhalation: May cause respiratory tract irritation.  Causes damage to organs through prolonged or repeated exposure.  This product contains crystalline silica.  Prolonged or repeated inhalation of respirable silica from this product can cause silicosis.

   Skin contact: May cause mechanical skin irritation.

   Eye Contact: Causes eye irritation if particles or dust gets in eye.

   Ingestion: Ingestion of large quantities may cause discomfort and/or distress.

11.3 Delayed, immediate and chronic effects of short-term and long-term exposure  
Short Term  
   Skin Corrosion/Irritation: Not applicable
   Serious Eye Damage/Irritation: Causes eye irritation if particles or dust gets in eye
Respiratory Sensitization: Not applicable  
Skin Sensitization: Not applicable  
Specific Target Organ Toxicity-Single Exposure: (Category 3) May cause respiratory irritation  
Aspiration Hazard: Not applicable  

Long Term  
Carcinogenicity: May cause cancer through chronic inhalation.  
Germ Cell Mutagenicity: Not applicable  
Reproductive Toxicity: Not applicable  
Specific Target Organ Toxicity- Repeated Exposure: (Category 1) Causes damage to lungs through prolonged/repeated exposure  
Synergistic/Antagonistic Effects: Not applicable

SECTION XII – ECOLOGICAL INFORMATION

12.1 Ecotoxicity  
No further relevant information available.

12.2 Persistence and degradability  
No further relevant information available.

12.3 Bioaccumulative potential:  
No further relevant information available.

12.4 Mobility in soil  
No further relevant information available.

12.5 Other Adverse Effects  
No further relevant information available.

SECTION XIII – DISPOSAL CONSIDERATIONS

13.1 Waste Disposal Method  
The packaging and material may be land filled; however, material should be covered to minimize generation of airborne dust. This product is not classified as a hazardous waste under the authority of the RCRA (40CFR 261) or CERCLA (40CFR 117&302). Disposal must be made in accordance with local, state and federal regulations.

13.2 Other disposal considerations  
Uncleaned packaging  
Recommendation: Disposal must be made in accordance with local, state and federal regulations.  
Recommended cleansing agent: Water, if necessary with cleansing agents.
### DOT (U.S.)
- UN-Number: Not Regulated
- UN proper shipping name: Not Regulated
- Transport Hazard Class(es): Not Regulated
- Packing Group (if applicable): Not Regulated

### TDG (Canada)
- UN-Number: Not Regulated
- UN proper shipping name: Not Regulated
- Transport Hazard Class(es): Not Regulated
- Packing Group (if applicable): Not Regulated

#### 14.1 Environmental hazards:
Not applicable

#### 14.2 Transport in bulk according to Annex II of Marpol 73/78 and the IBC Code
Not applicable

#### 14.3 Special precautions for user
Do not handle until all safety precautions have been read and understood.

### SECTION XV – OTHER REGULATORY INFORMATION

#### 15.1 Safety, Health and Environmental Regulations/Legislations specific for the chemical

**Canada**

**WHMIS Classification:** Considered to be a D2A and D2B hazardous material under the Hazardous Products Act as defined by the Controlled Products Regulations and subject to the requirements of Health Canada’s Workplace Hazardous Material Information (WHMIS). This document complies with the WHMIS requirements of the Hazardous Products Act (HPA) and the CPR.

#### 15.2 US Federal Information

**SARA 302/311/312/313 Components**
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302, 311, 312 or 313.

**RCRA:** Crystalline silica (quartz) is not classified as a hazardous waste under the Resource Conservation and Recovery Act, or its regulations, 40 CFR §261 et seq.

**CERCLA:** Crystalline silica (quartz) is not classified as a hazardous substance under regulations of the Comprehensive Environmental Response Compensation and Liability Act (CERCLA), 40 CFR §302.

**Emergency Planning and Community Right to Know Act (SARA Title III):** Crystalline silica (quartz) is not an extremely hazardous substance under Section 302 and is not a toxic chemical subject to the requirements of Section 313.

**FDA:** Silica is included in the list of substances that may be included in coatings used in food contact surfaces, 21 CFR §175.300(b)(3)(xxvi).
NTP: Respirable crystalline silica, primarily quartz dusts occurring in industrial and occupational settings, is classified as Known to be a Human Carcinogen.

OSHA Carcinogen: Crystalline silica (quartz) is not listed.

15.3 State Right to Know Laws
California Prop. 65 Components
WARNING: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

California Inhalation Reference Exposure Level (REL): California established a chronic REL of 3 µg for silica (crystalline, respirable). A chronic REL is an airborne level of a substance at or below which no adverse health effects are anticipated in individuals indefinitely exposed to the substance at that level.

Massachusetts Toxic Use Reduction Act: Silica, crystalline (respirable size, <10 microns) is “toxic” for purposes of the Massachusetts Toxic Use Reduction Act.

15.4 Global Inventories
DSL All components of this product are on the Canadian DSL list.
TSCA No.: Crystalline silica (quartz) appears on the EPA TSCA inventory under the CAS No. 14808-60-7. All constituents are listed in the TSCA inventory.

15.5 NFPA Ratings
SECTION XVI – OTHER INFORMATION

Last Updated: May 26, 2015

NOTE: The information and recommendations contained herein are based upon data believed to be correct. However, no guarantee or warranty of any kind, express or implied, is made with respect to the information contained herein. We accept no responsibility and disclaim all liability for any harmful effects which may be caused by exposure to silica contained in our products.
